Re: Docket no. 98P-0151/CPI.

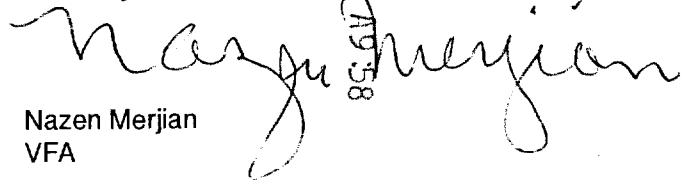

Dear Commissioner:

The FDA banned certain animal by-products from being used in livestock feed because it was concerned about a potential threat of BSE in the US. Further measures are necessary to reduce this threat.

Please act on Docket no. 98P-0151/CPI and stop the slaughter of downed animals for the human food supply.

Sincerely,

Nazen Merjian
VFA
